

BASIC UNITS OF LIFE®

# AMINOPHYTE

Plant-Based Protein • Muscle Recovery • Metabolic Support

CELLCODE's AMINOPHYTE is a delicious, dairy-free, plant-based protein powder formulated to promote lean muscle maintenance, tissue repair, and overall nutritional balance.\* This premium blend features five organic, plant-based proteins — pea, sunflower, pumpkin seed, sacha inchi, and rice — delivering 20 grams of complete protein per serving with an amino acid profile comparable to whey protein.\*

Developed for superior digestion and absorption, AMINOPHYTE provides an ideal protein solution for athletes, active individuals, or anyone seeking to support muscle recovery and energy without the digestive discomfort often associated with dairy-based proteins.\* Its smooth, creamy texture and naturally sweetened flavors make it a perfect daily option for shakes, smoothies, or post-workout recovery.\*

Each serving also provides beneficial levels of iron, contributing to energy metabolism and overall vitality.\* With its excellent digestibility, AMINOPHYTE supports healthy weight management, body composition, and satiety, making it a versatile protein source for diverse nutritional goals.\*

Unlike conventional protein powders, CELLCODE's AMINOPHYTE is vegan, non-GMO, and free from gluten, dairy, soy, and artificial ingredients, ensuring clean, effective nourishment you can trust.\*

## Benefits\*

- **Supports Muscle Recovery and Maintenance:** Provides all essential amino acids for lean muscle growth and repair.\*
- **Promotes Healthy Body Composition:** Helps support metabolism and satiety for balanced weight management.\*
- **Enhances Energy and Vitality:** Supplies protein and iron to support energy production and performance.\*
- **Ideal for Dairy Sensitivities and Digestive Comfort:** Completely plant-based, free from lactose, and gentle on digestion.\*
- **Vegetarian and Vegan Nutritional Support:** A high-quality protein source suitable for all lifestyles.\*
