

# ELECTROLYTE REPLETE

*Optimal Hydration • Energy Production • Cellular Balance*

CELLCODE's ELECTROLYTE REPLETE is a comprehensive, great-tasting electrolyte and antioxidant formula designed to restore hydration, promote cellular energy, and support overall fluid balance.\* It features a full spectrum of electrolytes—sodium, potassium, magnesium, and chloride—along with vitamin C, taurine, D-ribose, and citrus bioflavonoids to optimize hydration and energy metabolism at the cellular level.\*

Electrolytes are essential for nerve signaling, muscle contraction, and maintaining proper fluid balance within and around cells.\* When electrolytes are depleted—whether from intense exercise, heat exposure, illness, or stress—cellular function and performance decline.

ELECTROLYTE REPLETE helps replenish these vital minerals to maintain endurance, focus, and recovery.\*

Enhanced with D-ribose to support ATP energy production, taurine for cellular hydration and muscle performance, and vitamin C with quercetin and rutin for antioxidant protection, this formula provides a synergistic approach to hydration and recovery.\* The natural lemon-orange flavor is sugar-free, stevia-sweetened, and gentle on digestion—ideal for athletes, active individuals, and anyone with increased hydration needs.\*

**Clean formulation. Natural lemon-orange flavor. Sugar-free. No fillers.**

## Benefits\*

- **Supports Hydration and Electrolyte Balance:** Replenishes essential minerals lost through sweating, exercise, or heat exposure.\*
- **Promotes Cellular Energy Production:** D-ribose supports ATP regeneration for sustained energy and recovery.\*
- **Enhances Muscle Function and Endurance:** Electrolytes and taurine support muscle contraction, performance, and recovery.\*
- **Supports Cardiovascular and Nervous System Function:** Potassium and magnesium help regulate heart rhythm and nerve signaling.\*
- **Provides Antioxidant and Immune Support:** Vitamin C, quercetin, and rutin protect against oxidative stress and support immune balance.\*

## Highlights

- Complete electrolyte profile: sodium, potassium, magnesium, and chloride\*
- Includes D-ribose for energy metabolism and taurine for cellular hydration\*
- Fortified with vitamin C, quercetin, rutin, and citrus bioflavonoids for antioxidant defense\*
- Sugar-free, stevia-sweetened, with a natural lemon-orange flavor\*
- Powdered formula mixes easily into water or smoothies\*
- Gluten-free, dairy-free, soy-free, and non-GMO\*

## Recommended Use

Mix 8 grams (approx. two teaspoons) in 10-12 ounces of water per day, or as directed by a health care practitioner.

*Consult with your health-care practitioner about your specific circumstances and any questions you may have about this product.*
