

BASIC UNITS OF LIFE®

## MEGA 03

Cardiovascular Health • Cognitive Function • Inflammatory Balance

CELLCODE's MEGA 03 delivers a highly concentrated, clinical-strength source of essential omega-3 fatty acids — EPA (eicosapentaenoic acid) and DHA (docosahexaenoic acid) — in a balanced 1:1 ratio for optimal bioavailability and efficacy.\* Each serving provides 1,600 mg total omega-3s (800 mg EPA and 800 mg DHA), supporting foundational cellular, cardiovascular, and neurological health.\*

This precise balance mirrors the natural ratio found in cold-water fish, allowing both EPA and DHA to be efficiently absorbed and utilized by the body without competing for uptake.\* EPA supports cardiovascular and inflammatory health, while DHA plays a key role in brain, eye, and cell membrane function.\* Together, they form a cornerstone of whole-body wellness and longevity.\*

MEGA 03 features fish oil sourced exclusively from wild-caught anchovy, sardine, and mackerel harvested using sustainable practices from the clear waters off Peru and Chile.\* The oil is purified through molecular distillation and fortified with DeltaGold® tocotrienols for enhanced oxidative stability, ensuring maximum freshness and potency.\*

A natural digestive enzyme, lipase, is included to improve absorption and minimize aftertaste — delivering a clean, smooth omega-3 experience with no compromise on purity or performance.\*

### Benefits\*

- **Supports Cardiovascular Health:** Promotes healthy blood lipid levels, circulation, and heart function.\*
- **Promotes Cognitive and Neurological Function:** Supports brain development, memory, and mental clarity.\*
- **Encourages Healthy Inflammatory Balance:** Regulates inflammatory pathways to promote joint comfort and overall wellness.\*
- **Supports Cell Membrane Integrity:** Strengthens cellular structure and improves nutrient exchange across membranes.\*
- **Enhances Skin, Hair, and Eye Health:** Provides essential fatty acids that nourish skin elasticity and visual acuity.\*

### Highlights

- 1,600 mg omega-3s per 2-softgel serving (800 mg EPA / 800 mg DHA)\*
- Balanced 1:1 EPA:DHA ratio for efficient absorption and cellular utilization\*
- Wild-caught, sustainably sourced fish oil from anchovy, sardine, and mackerel\*
- Purified via molecular distillation to remove heavy metals and contaminants\*
- Enhanced with lipase for improved digestibility and DeltaGold® tocotrienols for stability\*
- Gluten-free, dairy-free, soy-free, and non-GMO\*

### Recommended Use

Take 2 softgels per day with meals or as directed by your health-care practitioner.

DeltaGold® is a registered trademark of American River Nutrition, LLC and is protected by US Patent Number 8,586,109.

Consult with your health-care practitioner about your specific circumstances and any questions you may have about this product.
