

BASIC UNITS OF LIFE®

VITASTATIN

Metabolic Balance & Weight Support Formula

CELLCODE's VITASTATIN is a comprehensive, science-driven formula designed to support healthy weight management, appetite control, and metabolic balance.* By targeting key pathways involved in leptin sensitivity, fat metabolism, and inflammatory response, VITASTATIN helps the body work smarter — not harder — to maintain equilibrium.*

Each capsule blends plant-based polysaccharides, antioxidant-rich extracts, and essential fatty acids that work synergistically to support energy regulation and satiety.* These ingredients act at the cellular level, helping improve how your body responds to food, hunger signals, and metabolic stress.*

Healthy weight management isn't just about calories in versus calories out — it's about hormonal balance, gut health, and inflammation control. VITASTATIN supports all three. By promoting healthy leptin signaling, improving digestive efficiency, and protecting against oxidative stress, this formula helps you feel more balanced, satisfied, and energized throughout the day.*

Benefits*

- **Supports Healthy Weight Management:** Promotes healthy fat metabolism, energy balance, and leptin sensitivity.*
- **Enhances Satiety and Appetite Control:** Encourages a feeling of fullness and reduces cravings to help manage caloric intake.*
- **Supports Metabolic and Inflammatory Balance:** Promotes balanced blood sugar and a healthy inflammatory response for optimal metabolic function.*
- **Provides Antioxidant and Cellular Support:** Protects against oxidative stress and supports healthy cardiovascular and cellular activity.*
- **Promotes Gut Health and Nutrient Absorption:** Plant polysaccharides and extracts support a healthy gut microbiome and efficient digestion.*

Highlights

- Plant-derived polysaccharides support blood sugar balance and satiety*
- Laminaria japonica (brown seaweed) promotes fat metabolism and metabolic rate*
- Pomegranate extract delivers potent antioxidants for cellular and cardiovascular protection*
- Blue-green algae extract provides antioxidants and essential fatty acids for energy and inflammation support*
- Beta-carotene supports immune health, skin integrity, and antioxidant defense*
- Fatty acid complex supports lipid metabolism and hormonal balance*
- Targets leptin sensitivity for improved appetite regulation and energy efficiency*
- Gluten-free, dairy-free, soy-free, non-GMO, and vegan

Recommended Use

Take 2 capsules per day, or as directed by your health-care practitioner. For best results, combine with a balanced diet, regular physical activity, and a healthy lifestyle.

Consult with your health-care practitioner about your specific circumstances and any questions you may have about this product.
